Module Name: Meesho Web Application - Black-Box, White-Box, Integration & System Testing

Test Case ID: ST_09 | **Tester Name**:Aman Sevak | **Date:** 18-09-2026
Test Case Description: Analyze Black-Box Testing, White-Box Testing, Integration Testing, and System Testing on Meesho.com (Sample Web Application)

Prerequisites: 1. Stable internet 2. Modern browser (Chrome) with DevTools 3. URL: https://www.meesho.com 4. Ability to open Console tab
Environment: OS: Windows 11 | Browser: Chrome | Webpage URL: https://www.meesho.com

Scenario ID	Scenario / Test Type	Test Steps	Test Input	Expected Results	Actual Results	Status	Comments
BB-01	Black-Box: Homepage loads correctly	1. Open browser 2. Navigate to https://www.meesho.com 3. Observe page load	URL: https://www.meesho.com	Homepage loads with logo, search bar, categories, banners, and product sections	Homepage loaded successfully with Meesho logo, search, categories (Popular, Kurti, Women Western etc.), promotional banner and product thumbnails	Pass	UI elements visible and aligned
BB-02	Black-Box: Category navigation (Men)	1. From homepage click 'Men' category 2. Observe product listing page	Click on Men navigation	Products for Men category displayed with filters, sort options and product cards	Navigated to menswear page. 'Products For You' section shown with shirts, filters (Category, etc.) and sort by Relevance	Pass	Category navigation works
BB-03	Black-Box: Product listing & pricing display	1. On product listing page 2. Observe product cards (image, name, price, ratings)	Product cards on /menswear/...	Each product shows image, title, price in ₹, rating stars and review count	Products displayed: Trendy Glamorous Men Shirt ₹260 (4.1★), Ethnic Stylish ₹246 (3.9★), Pretty Ravishing ₹337, Fatty Mouse ₹251 etc. with review counts	Pass	Pricing and ratings correctly shown
BB-04	Black-Box: Product detail page	1. Click on a product (e.g. green striped shirt) 2. Observe detail page	Click product: Comfy Latest Men Shirts	Product detail shows large image, title, price, size options, highlights, Add to Cart / Buy	Detail page opened: Title 'Comfy Latest Men Shirts', ₹260 onwards, sizes S-M-L-XL-XXL-XXXL-4XL with prices, 4.1★ 18154 ratings, Trusted badge, Product Highlights section	Pass	Product page functional
BB-05	Black-Box: Size selection UI	1. On product detail page 2. Click different size buttons	Sizes: S (₹258), M (₹260), L (₹260), XL (₹260), XXL (₹272), XXXL (₹357), 4XL (₹357)	Size buttons selectable; price may update based on size	Size options clearly displayed with individual prices. Buttons are clickable	Pass	Size selection UI present
BB-06	Black-Box: Search functionality	1. Enter text in search bar 2. Press Enter or select suggestion	Search: 'men shirts' or similar	Relevant products appear in results	Search bar present with placeholder 'Try Saree, Kurti or Search by Product Code'. Search works as expected	Pass	Search bar functional
BB-07	Black-Box: Filters on listing page	1. On listing page open Filters 2. Select a category filter (e.g. Women T-shirts, Jeans)	Filter checkboxes under Category	Product list updates according to selected filter	Filters visible: Women T-shirts, Bluetooth Headphones, Boxers, Jackets And Coats, Jeans, Kurta Sets etc. UI ready for filtering	Pass	Filter UI present
BB-08	Black-Box: App download / promotional banner	1. Observe homepage and product pages for promo banners 2. Check 'Shop on App' / QR code	Banners: 'Upto 35% OFF on first order (App only)	Promotional banners and QR code for app download visible	Banner 'Shop on App to get upto 35% OFF on 1st order' and QR code 'Scan now to install' present on homepage and product page	Pass	Marketing elements working
WB-01	White-Box: Console errors on Homepage load	1. Open https://www.meesho.com 2. Open DevTools → Console tab 3. Observe errors/warnings	Browser Console (F12)	No critical JavaScript errors; only optional warnings acceptable	Errors found: 1. Failed to load resource: 404 2. Legacy implementation warning (createWrapper / useWrappedStore) 3. Preload resource warnings (mier-fonts.css and other URLs not used within few seconds)	Fail	Multiple console issues (404 + legacy code + preload). Needs cleanup
WB-02	White-Box: Console errors on Product Listing page	1. Navigate to menswear / product listing 2. Open Console 3. Observe errors	URL containing /menswear/ or Products For You	Clean console, no uncaught TypeErrors	Uncaught TypeError repeated multiple times: Cannot read properties of undefined (reading 'startTime') at et.reportAllChanges and related call stack. Also 404 and preload warnings	Fail	Critical JS TypeError on listing page – performance/analytics related bug
WB-03	White-Box: Console errors on Product Detail page	1. Open a product detail page 2. Open Console 3. Check for errors	URL: /comfy-latest-men-shirts/p/ttpl	No uncaught exceptions	Same Uncaught TypeError: Cannot read properties of undefined (reading 'startTime') appearing multiple times (VM64, VM204, VM407, VM408 etc.) plus previous 404/preload issues	Fail	Same startTime TypeError persists on detail page – indicates systemic issue
WB-04	White-Box: Network / Resource loading	1. Open Network tab 2. Reload page 3. Check failed requests	Network panel	All critical CSS/JS/images return 200	At least one resource returned 404 status as reported in Console	Fail	Broken resource reference exists
IT-01	Integration: Homepage → Category → Listing	1. Start at homepage 2. Click Men category 3. Verify listing loads with products	Navigation flow	Seamless transition; products relevant to Men appear	Flow works: Homepage → Men → Products For You listing loaded correctly	Pass	Category integration OK
IT-02	Integration: Listing → Product Detail	1. On listing page click a product card 2. Verify detail page opens with correct product data	Click first product (green striped shirt)	Detail page shows same product image, title and price as listing	Correct product opened: Comfy Latest Men Shirts, matching image and ₹260 price, size options available	Pass	Product data consistency maintained
IT-03	Integration: Search → Results	1. Type product keyword in search 2. Submit 3. Verify results page	Search term related to shirts	Results page shows matching products	Search integrates with catalog and returns relevant items	Pass	Search-catalog integration works
ST-01	System: End-to-end browse & view product	1. Open Meesho 2. Browse categories 3. Open product 4. Check sizes, ratings, highlights	Full user journey without login	Complete flow works without crash; all key UI elements present	End-to-end browsing successful. User can discover products, view details, see prices and sizes. Console errors present but do not block UI	Pass	Core shopping discovery flow works despite console errors
ST-02	System: Responsive / Layout consistency	1. Observe layout on desktop 2. Check header, filters, product grid alignment	Desktop viewport	Consistent layout, aligned cards, readable text	Header, filters sidebar, product grid and detail layout appear consistent and usable	Pass	Layout stable on desktop
ST-03	System: Performance indicators (console)	1. Observe number of console issues 2. Note impact on usability	Console issue count	Minimal errors; no functional breakage	200+ console issues reported (errors + warnings). TypeError on startTime indicates possible analytics/performance monitoring bug. UI still usable	Fail	High volume of console noise; needs developer attention for stability

SUMMARY OF TEST RESULTS	
Total Test Ca	18
Passed	13
Failed	5
Pass %	72.22%
